

Faculty Senate Meeting

11 November 2022

Senators present: Kim Delaney, Kyle Mara, Prasenjit Ghosh, Curt Gilstrap, Gary Black, Stephanie Young, Matt Hanka, Shane White, Jennifer Evans, Guoyuan Huang, Jessica Mason, Erin Reynolds, Shane White, Kate Sherrill, Jason Hardgrave, Shannon Pritchard

Additional attendees: Mohammed Khayum, Shelly Blunt, Amy Chan Hilton, Steven Stump

Held in BEC Boardroom

- Called to order: 2:32 pm
- Approval to minutes from October 14:
 - Motion to discuss (Kyle Mara), seconded (Erin Reynolds).
 - Unanimously approved. One abstention.
- Senate Chair report from Kim:
 - Updates in IT for regular maintenance on Wednesdays (4-6 pm) and Sundays (2 am-2 pm). Jennifer Evans, Matt Hanka, and Prasenjit Ghosh noted that there may be issues with Blackboard with students in online courses. Kim Delaney will reach out to IT about this (and should not interfere with online programs).
 - Professional development day planned to have breakout meetings. Need to have topics by November 27nd and brainstorm ideas.
- Report from the Provost
 - Indiana commission members visited campus. Included presentation of Cognition Lab. Report on status in higher education in Indiana and trends in high school students in the state. Specifically, African American students are having high incidents of math waivers.
 - Spring semester has higher admittance pool (freshmen). 135 transfers and needing to finish applications.
- Report from Chair of Assessment Committee Kyle Mara:
 - Academic Program Review—every degree-granting program will be reviewed. Ramping up assessment committee size. 78 programs including graduate level. APRs submitted May 5, 2023. Review will take place over a 2-3 week period during May. Assessment Committee will submit reports to Provost by end of May.
 - Assessment Committee members include Laura Bernhardt, Laurel Standiford Reyes, Tracy Kinner, Bohan Ye, Marna Hostetler, Greg Johnson
 - Need 6 review teams. Each team will review 13 APRs. Estimate 1-2 APRs reviewed per day. Team makeup: 1 assistant/associate dean and 2 faculty members
 - Committee expansions—we need 12 faculty. 5 faculty currently on Assessment Committee. Need 7 new members to serve for 2-3 weeks. All faculty reviewers on 9- or 10-month contracts will receive a \$3000 stipend.

- Jennifer Evans questioned why 12-month faculty are not being paid a stipend and the burden of labor.
- Kyle Mara responded that this is an HR issue.
- Matt Hanka noted that this could be considered consultant work. Also asked if this committee should be expanded. This committee has not had a charge in over a decade. Kim Delaney noted that senate should have a discussion in April or August after the committee has completed work—how the process worked and what the committee should do moving forward (what should the committee be doing on years that programs are not being reviewed).
- Erin Reynolds asked about will there be different reviews for different programs (degrees). Kim Delaney confirmed yes.
- Committee expansion will involve a campus wide call for volunteers/nominations. 5 unit elections and 2 at-large elections? At-large election for top 7 vote getters? Assessment Committee to select and prioritizing representation from each of the units?
- Erin Reynolds asked if you are teaching a Summer 1 class online are you eligible? Shelly Blunt responded that you must talk to HR. Jennifer Evans noted that the online course development is paid out as a stipend. Why would this not be the same? Kim Delaney noted that these are the questions we should be asking.
- Jason Hardgrave noted that historically in 2014-2015 that chairs made up the committee because they wrote up the reports and “peer reviewed” each other’s reports. Jennifer Evans noted that this is not equitable. Shelly Blunt noted that contracts are different for chairs depending upon the colleges. 10-month contracts in the College of Nursing go through May 31st. Those with 12-month contracts would have to take two week “vacation.”
- Jason Hardgrave inquired about the timeline and pushing back the deadline into later in the summer. Would this eliminate issues between 10-month and 12-month contracts? Kyle Mara responded that the deadline would remain.
- Kim Delaney noted that a minimum of one faculty member from every college would be ideal. Curt Gilstrap noted that representation seems to be important. Kyle and Kim both noted that the rubric was sent out to all chairs. Kim Delaney would send out all the details in an email calling for volunteers. Jennifer Evans noted that representation from the college is important. Jason Hardgrave reiterated that chairs would be beneficial to do the review process.
- Erin Reynolds asked who would be voting for nominations? The entire university would. Guoyuan Huang suggested that the committee consult with chairs from departments and determine candidates to then nominate and vote upon.
- Kim Delaney noted that December 2 will be when we decide. Encouraged all senators to talk with deans, chairs, and constituency about this.

- Curt Gilstrap began a discussion about the program review reports, external accreditation, the program review rubric, and differences across programs (e.g., how information about program review was disseminated to faculty).
 - All questions should be forwarded to Kim Delaney.
- Charge 2022_13 Final Exam Schedule
 - First addressed on September 16, 2022. We tabled for more data. Registrar's Office has provided courses that will be impacted (approximately 10 percent).
 - Kim Delaney noted there is a formal process to change a scheduled final exam meeting. The charge is to modify the final exam schedule rotation so that we do not need to formally request rescheduling an exam.
 - Discussion about the final exam schedule (Erin Reynolds, Shannon Pritchard, Kim Delaney, Jennifer Evans, Matt Hanka, Kyle Mara).
 - Charge was rejected unanimously.
- Next meeting: December 2, 2022
- Meeting adjourned: 3:36 pm

Name: _____ (Optional)

Date of Submission: 8/26/2022

Name of Faculty Senate Representative:

1. Curt Gilstrap
2. Nick Rhew
3. Gary Black

Complete the following items and submit this form to either your Faculty Senate Representative or to the Faculty Senate Chair for consideration by the Faculty Senate.

1. Charge Title:

Final Exam Schedule Issue - M/W 3:00PM-4:15PM

2. Background:

Provide an explanation of the background and context for the proposed charge. What problem, issue, or experience prompts the proposal of the charge?

I wouldn't submit this change if the fix wasn't straightforward.

I currently teach a course that meets M/W from 3:00PM-4:15PM. According to the final exam schedule, my exam is scheduled for Friday (12/16) at 3PM. USI final exams are scheduled to meet on the same day that the course meets (M/W 4:30PM has a final at 4PM) - except for M/W at 3PM.

While I can manage this issue fine (I'll deal with students asking for different arrangements, often because of work schedules), there is a simple solution to this issue that keeps exams on the same meeting DAY as the class. In presenting this issue to the registrar, I received a response along the lines of "we've always done it this way" and that if I wanted to change something, I needed to go through senate. In keeping with that, here is my charge. The final exam schedule can be set with all exams meeting on the same days as the classes. I'm not happy that it may take this many steps to get there, but I want to start the process if that's what has to happen.

3. Action Requested and Desired Result:

Specifically state what action you would like the Senate to take and the desired outcome that you would like to see.

For 2023 onward, finals meet on the same day as the regular class meeting.

4. Potential Resources:

Provide any information that can help Faculty Senate fully address the charge. Attach additional documents if necessary.

Please see my attached email chain.

Items 5-7 are to be completed by Senate Chair or Secretary:

5. Senate Comments:

6. Action Taken by the Faculty Senate:

Charge Rejected. Data was provided by the Registrar's office regarding the number of courses impacted. Senators acknowledge that a process currently exists through the registrar to re-schedule finals as necessary. Submitter is encouraged to use that process.

7. Action Taken by the Administration:

Fertig, Jason

Subject: RE: Final Exam Schedule

Dr. Fertig,

I just wanted to clarify that the final exam schedule is on a rotation, so the Monday/Wednesday 3pm classes are only assigned the Friday final exam time every third term. This rotation has been the same for the 6 years that I've had this position for creating the class schedule and I have documentation showing that it goes back to at least 2012 (but I believe it has been the standard practice since before then).

The final exam schedule is published with the class schedule, so the fall 2022 final exam information has been published since the end of February and cannot be changed at this late date. If you wish to request a change to your scheduled final exam, you would have to contact Scheduling Services for a new time and room for the final exam, if available. However, you will also need to verify that the change will not cause a conflict for students enrolled in your course (ex: any student taking a MWF 2pm course will already have a final schedule on Wed from 2-4pm).

If you wish to pursue this issue further for future terms, then you are correct for including the Provost's Office and Faculty Senate on the email as that would be where to start. The Provost Office would work with our office for review of the existing practice and determine if any changes to the existing practice are needed.

Please let us know if you have any additional questions or concerns. Thanks.

Subject: RE: Final Exam Schedule

Thanks for the reply...

Forgive me for pushing back, but it seems like there is an easy fix here to prevent the M/W 3PM class from having a final exam on Friday at 3PM.

My understanding of the Monday schedule is that there are 50-minute classes up until 3PM, and then 75-minute classes at 3PM and 4:30PM. A quick shuffle allows all classes to have a final exam that meets on the same day as the regular class. USI does not have a culture of holding final exams on days different than the class meetings. When I was a student at Rutgers, this was common. But, our students are not accustomed to this and I'm going to wind up with students wanting accommodations. I'd be tougher on the students if this was something that affected everyone, but I think this is a fixable problem.

Subject: RE: Final Exam Schedule

Jason,

Yes, this is correct. Because final exams are allotted a 2 hour period, periodically the final exam rotation will result in the MW 3:00 class having its final exam on a Friday. This avoids overlap with the MWF 2:00-2:50 class period (which has a final exam time of 2:00-4:00) and the MW 4:30 class period (which has a final exam time of 4:00-6:00, as to not overlap with an evening course).

Subject: Final Exam Schedule

Hi,

Hope you're having a great day. I have a question about the posted final exam schedule. I teach a class on M/W from 3-4:15PM. According to the final exam schedule, my final exam is on Friday. Is this correct?

Best,

Jason
